

Ixia Chapter of the Florida Native Plant Society 2023 Annual Report

President's Message

We are proud to present our Annual Report showing what the Ixia Chapter accomplished during 2023.

I am thrilled to report that the Ixia Chapter is the #2 FNPS chapter for the number of volunteer hours contributed during 2023! This accomplishment is due to the amazing amount of work done by our tireless Board of Directors, members and other volunteers who organize our monthly meetings, run our social media, write our newsletters, man our outreach booths, lead our field trips, speak to garden clubs and help with invasive plant removal workdays to name just a few of our activities during the year.

As this report shows, the Ixia Chapter is very active in getting our message out to the public and helping increase the use of native plants in our yards and communities.

Thank you to all of the individuals who helped make this a great year for Ixia.

Jody Willis, President
